The spreadsheets that contain influent, effluent and water source figures from Metropolitan Water District (MWD) of Southern California's Water Quality Report and CCR were emailed to Foothill's seven water-taking retail agencies on 5-6-2015. These emails were directed to each agency's General Manager's email address, all of which are well known to Foothill's staff. The actual MWD Water Quality Report and link to the MWD website were also emailed to the retail agencies as of 7-2-2015.

A link connecting directly to Metropolitan Water District of Southern California's Annual Water Quality Report has also been placed on our website at www.fmwd.com, even though the number of persons served through our retail agencies is less than 100,000. This link will show the MWD Water Quality Report for 2014.
