

**Consumer Confidence Report
Certification Form**
(To be submitted with a copy of the CCR)

Water System Name: City of San Jose – North San Jose/Alviso, Evergreen, Edenvale, Coyote

Water System Number: 4310019, 4310020

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 15, 2015 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by: Name: Nicole Harvie
Signature: 
Title: Senior Civil Engineer
Phone Number: (408) 277-3671 Date: 7/30/2015

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - Posting the CCR at the following URL: www.sjenvironment.org/waterquality
 - Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - Advertising the availability of the CCR in news media (attach copy of press release)
 - Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - Posted the CCR in public places (attach a list of locations)
 - Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - Delivery to community organizations (attach a list of organizations)
 - Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
 - Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
 - Other (attach a list of other methods used)
- For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: www.sjenvironment.org/waterquality

- For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www.sjenvironment.org/waterquality
- Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www._____
- Water system emailed the CCR as an electronic file email attachment.
- Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- Requires prior DDW review and approval. Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

Each customer was sent a postcard by mail notifying them of the availability of the CCR online and that hard copies can be mailed out by request. In addition, the CCR URL link will be included in an upcoming billing statement that will be sent to all customers. The billing statement message will state:

"The 2014 San Jose Municipal Water System annual water quality report is now available online.

This report contains important facts and information about your drinking water. To view a copy, visit www.sjenvironment.org/waterquality."

Associated Press

HARLESTON, S.C. — Emanuel African Methodist Episcopal Church ended its tall, wooden steeple on Sunday, racing strangers who fled in from the street and tuned in from home for the first worship service since a white gunman accused of killing nine black church members.

It was that same hostility that allowed the expected gunman to be welcomed into a Bible study for about an hour before he allegedly stood and made racially offensive remarks and opened the church known as "Mother Emanuel" because it is one of the oldest black congregations in the South.

I was so pleased when authorities told us you go back into "Mother

Emanuel" to worship," said the Rev. Norvel Goff, a presiding elder of the 7th District AME Church in South Carolina, before adding a note of defiance to a service sprinkled with themes of love, recovery and healing.

"Some folks might need some more time in order to walk in. But for those of us who are here this morning ... because the doors of Mother Emanuel are open on this Sunday, it sends a message to every demon in hell and on earth."

The church's air conditioning did little to fight the heat of extra bodies in the sanctuary. There was fervent singing and shouting, so much so that many congregants waved small fans in front of their faces.

Despite the heaviness in the air, many stood — some holding small children — to shout their praises or

raise their hands toward the church's vaulted ceiling. For added security, police officers stood watch over worshippers.

Some congregation members stood to applaud when Goff thanked law enforcement for their response to the shooting.

Goff was appointed to lead the historic Charleston church after Emanuel's senior pastor, the Rev. Clementa Pinckney, was fatally shot during the massacre. A black sheet was draped over Pinckney's usual chair, which sat empty. At least one parishioner knelt down in front of it and prayed.

Pinckney was also a state senator and married father of two children. Goff acknowledged Father's Day and said: "The only way evil can triumph is for good folks to sit down and do nothing."

Aspect in New Orleans police killing arrested

By Rebecca Santana and Janet McConaughy
Associated Press

NEW ORLEANS — After an intense 24-hour hunt, New Orleans police Sunday arrested a man believed to have shot and killed a police officer while wearing handcuffs as he was being transported to jail.

But questions remain out where the gun he used to kill Officer Daryle Lowmy, 45, came from and how he hid from a law enforcement search that included canine, SWAT and helicopter teams. Travis Boys, 33, was

still wearing his broken handcuffs when a rookie officer and his trainer spotted him trying to board a city bus Sunday morning, said Police Superintendent Michael Harrison.

"To my understanding, he got on the bus after spotting the officers. And the officers saw that and then he got off the bus and then was apprehended," Harrison told reporters, while standing in front of a memorial to the city's fallen police officers.

Authorities took Boys to a hospital for treatment of apparent dehydration, Harrison said. Video by

WVUE-TV showed Boys strapped onto a gurney and being put into an ambulance, his head slumped over.

He will be booked with first-degree murder of a police officer, aggravated escape and illegal possession of a firearm, as well as the aggravated battery charge for which he was originally arrested on Friday night, Harrison said.

Harrison said authorities are investigating how he got the gun that was used to shoot the officer. The officer's gun was in his holster and not used, Harrison said.
