## **YOUR 2015 WATER QUALITY REPORT WILL BE AVAILABLE ONLINE THIS YEAR!!**

Each year, the City of Ceres provides its customers with an annual Water Quality Report to inform them about their water quality. This information is based on water samples collected from the water system. In this report you will also find federal & state drinking water standards that you can use as a reference. We encourage you to review this report as it provides details about the source and quality of the drinking water delivered to your community.

In an effort to be more environmentally responsible, we will no longer be printing copies of this report for every resident within the community, instead we have made the report available on the Internet.

Please visit us online to view your 2015 version of the water quality report at [www.ci.ceres.ca.us/213.html](http://www.ci.ceres.ca.us/213.html). The report is listed towards the bottom of the page under Reports and Studies and will be available by June 30, 2016. If you wish to have a paper copy, you can print one directly from our website. If you do not have access to a computer or the Internet you can also receive a printed version by contacting our Water Division at (209) 538-5688.
