*Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.*

In our continuing efforts to better serve our customers, conserve resources, and reduce costs, Golden State Water Company chose to utilize electronic delivery of the annual Consumer Confidence Reports (CCRs) as allowed by the United States Environmental Protection Agency and the State Water Resources Control Board – Division of Drinking Water. Notices regarding the availability of the CCR were mailed to customers as a bill insert, and also emailed to all customers receiving electronic bills. These notices, printed and emailed in both English and Spanish, directed people to the URL for viewing the CCR online, and also gave them information on how to request a hard copy of the CCR.

*This form is provided as a convenience and may be used to meet the certification requirement of  
section 64483(c), California Code of Regulations.*

## *Consumer Confidence Reports Available Now!*

The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires Golden State Water Company to provide to you. The purpose of the CCR is to raise customer awareness of the quality of your drinking water, where your drinking water comes from, what it takes to deliver water to your homes, and the importance of protecting drinking water sources. This report contains important information about the source and quality of your drinking water.

In recent years, Golden State Water Company has mailed its customers a printed copy of the CCR to comply with the SDWA.

On February 21, 2013, the California Department of Public Health expanded its interpretation of the SDWA to allow for electronic delivery of the CCR. The electronic delivery method will allow Golden State Water Company to reduce the consumption of paper and minimize potential printing and mailing costs.

If you would like a paper copy of the 2017 CCR mailed to your address or would like to speak with someone about the report, please call 1-800-999-4033 or email [waterquality@gswater.com](mailto:waterquality@gswater.com).

*You can view your 2017 Consumer Confidence Report and learn more about your drinking water by visiting our website. **You can find a direct URL link in the message center on the back of your water bill.** You can also find the URL link for your system in the table on the reverse.*

El informe de Confianza del Consumidor o CCR, es un informe anual de la calidad de agua potable que el Decreto de Agua Potable Sana requiere que Golden State Water Company (GSWC, por sus siglas en ingles) le provee. El objetivo del CCR es aumentar la conciencia de los consumidores acerca de la calidad de su agua potable, de donde viene el agua potable, lo que se necesita para distribuir agua a su hogar, y la importancia de proteger fuentes de agua potable. Este informe contiene información importante acerca del origen y la calidad de su agua potable.

En los últimos años, GSWC ha enviado por correo una copia del CCR para cumplir con la regulación.

El 21 de febrero de 2013, el Departamento de Salud Pública de California ha ampliado su interpretación de la regulación para permitir la distribución electrónica del CCR. El método de entrega electrónica permitirá que GSWC reduzca el consumo de papel y gastos de envío y de imprenta.

Si desea una copia en papel del CCR del 2017 enviado por correo a su dirección o si desea hablar con alguien sobre el informe, llame al 1-800-999-4033 o por correo electrónico a [waterquality@gswater.com](mailto:waterquality@gswater.com).

**Unpaid Bill:** Your service may be discontinued. A cash deposit and reconnection charge may be required to re-establish credit and service.

### **DISPUTING YOUR BILL**

This bill is due and payable upon date of presentation. It will become past due if not paid within 19 days from the date of mailing.

Should the amount of this bill be questioned, an explanation should be requested from the utility within five (5) days. If an explanation satisfactory to the customer is not made by the utility and the bill is still questioned, the customer may deposit with the California Public Utilities Commission the amount of the bill to avoid discontinuance of service. Make remittance payable to "California Public Utilities Commission" and attach the bill and a statement setting forth the basis for the dispute of the amount of the bill. Mail to: Consumer Affairs Branch, 505 Van Ness Avenue, Room 2003, San Francisco, California 94102; or call toll-free (800) 649-7570; or visit online at [www.cpuc.ca.gov](http://www.cpuc.ca.gov). The Commission will review the basis of the billed amount and disburse the deposit in accordance with its findings.

The Commission will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications, and sources of fuel or power.

### **DROUGHT INFORMATION/RESTRICTIONS**

On April 7, 2017, Governor Jerry Brown issued an executive order lifting the drought emergency for most of the state, while asking Californians to make conservation a way of life by continuing to use water responsibly. All restrictions, other than the state mandated prohibitions, have been lifted as of April 7, 2017. The State Water Board permanently prohibits the following wasteful practices:

- ♦ Hosing off sidewalks, driveways and other hardscapes.
- ♦ Washing a motor vehicle with a hose, unless the hose is fitted with a shut-off nozzle.
- ♦ Operating a fountain or decorative water feature, unless the water is part of a recirculating system.
- ♦ Watering outdoor landscapes in a manner that causes excess runoff, or within 48 hours following measurable precipitation.
- ♦ Irrigating with potable water of ornamental turf on public street medians.

Golden State Water thanks customers for their impressive conservation efforts, and encourages the entire community to continue using water wisely to help keep the state on the path to full drought recovery.

### **BILL TERMS AND OTHER USEFUL INFORMATION**

**WRAM/MCBA.** The Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA) are balancing mechanisms to ensure the revenue recovered from rates balances with CPUC-approved expenses to operate, maintain and improve the water system when water usage does not match the forecasted level and revenue either exceeds or falls short of the authorized amount. Approximately 76 percent of Golden State Water's expenses are "fixed costs" and do not change based on usage.

The WRAM ensures any under-collected revenue is recovered with a temporary surcharge, and revenue that exceeds the CPUC-authorized amount is returned to customers in the form of a temporary surcredit. The MCBA ensures any savings associated with lower water supply costs are credited to the customers, and any water supply costs that are lower than the CPUC authorized level are returned to the customer in the form of a surcredit. Vice Versa, any supply costs that exceed the CPUC-authorized levels are recovered in the form of a temporary surcharge.

The 2016 WRAM/MCBA surcharge is effective March 20, 2017, and includes any residual balance from the 2015 WRAM/MCBA. For additional information, please visit [gswater.com](http://gswater.com).

Dear Valued Customer,

Golden State Water is pleased to announce that Customer Confidence Reports are available now!

The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires Golden State Water Company to provide to you. The purpose of the CCR is to raise customer awareness of the quality of your drinking water, where your drinking water comes from, what it takes to deliver water to your homes, and the importance of protecting drinking water sources. This report contains important information about the source and quality of your drinking water.

In recent years, Golden State Water Company has mailed its customers a printed copy of the CCR to comply with the SDWA.

On February 21, 2013, the State Water Board Division of Drinking Water expanded its interpretation of the SDWA to allow for electronic delivery of the CCR. The electronic delivery method will allow Golden State Water Company to reduce the consumption of paper and minimize potential printing and mailing costs.
