

**Consumer Confidence Report  
Certification Form**  
*(To be submitted with a copy of the CCR)*

Water System Name: Sonora  
Water System Number: 5510001

The water system named above hereby certifies that its Consumer Confidence Report was distributed on 6-18-2019 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by: Name: Angel Tarango  
Signature:   
Title: Regulatory Compliance  
Phone Number: (209) 532-5536 ext 537 Date: 7/22/19

*To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:*

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☐ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
  - ☒ Posting the CCR at the following URL: www.tudwater.com
  - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
  - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
  - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
  - ☐ Posted the CCR in public places (attach a list of locations)
  - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
  - ☐ Delivery to community organizations (attach a list of organizations)
  - ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
  - ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
  - ☒ Other (attach a list of other methods used)
- ☐ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: www.
- ☐ For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

## Consumer Confidence Report Electronic Delivery Certification

*Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.*

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www.tudwater.com
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www.tudwater.com
- ☒ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

*Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.*

A hard copy of the CCR was mailed to every Water Agency that purchases water and [www.tudwater.com](http://www.tudwater.com) was also provided.

An electronic file of the CCR was attached to all emails. All customers receive the email.

A hard copy of the CCR was delivered to all customers residences that the email kicked back from.

Notification of the availability of the CCR was mailed to our customers in or "On Tap" Flyer along with [www.tudwater.com](http://www.tudwater.com).

A press release was issued stating that the CCR was available and how to obtain it.

A hard copy of the CCR is provided to anyone that requests one at the Districts Expense.

A link to the CCR on [www.tudwater.com](http://www.tudwater.com) was also posted to Facebook.

*This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.*

## TUD Releases 2018 Annual Water Quality Report

Tuolumne Utilities District (TUD) has released its **Annual Water Quality Report (also known as the Consumer Confidence Report)** covering all testing of treated drinking water performed from January 1st through December 31, 2018. The water quality report covers the all treated water service areas the District serves; 11 surface water treatment plants, and 12 active wells. TUD's surface water comes from the South Fork of the Stanislaus River at Lyons Reservoir via the Tuolumne Main Canal by agreement with Pacific Gas and Electric Company (PG&E).

In an effort to reduce District expenses, the Annual Water Quality Report (Report) is available for the public to view or download at the District's website, [www.tudwater.com](http://www.tudwater.com). The Report can be viewed by clicking this link, the [2018 Annual Water Quality Report](#). As new challenges to drinking water treatment and delivery emerge, TUD remains committed to meeting the goals of source water protection, water conservation, treatment process improvements, employee safety and training. The District's Board and staff are dedicated to providing clean, safe, drinking water to TUD's customers and the community. TUD is pursuing multiple projects to improve water supply reliability, water quality, and the aesthetics of water, such as taste and odor, clarity, etc.
